

Application questions requiring prose responses (N=5, IoT4Ag ERC RET 2025)

Why are you applying to the IoT4Ag RET Program?

Please limit your response to 5 sentences or fewer. We will be evaluating whether responses are a good match for IoT4Ag's RET (rather than generic responses indicating a match to any local summer program).

How do you envision this program benefiting your classes and/or school?

Please limit your response to 5 sentences or fewer.

Discuss your experience with new curriculum design and implementation.

Highlight/describe experiences on your resume that would allow you to contribute to this RET program, including being an engaged participant in general/non-teacher focused IoT4Ag Center activities that will occur during the timing of the RET?

You will need to send your resume as part of the application materials. This response allows you to highlight and describe parts of your resume that may be especially relevant to this RET opportunity.

What do you consider your biggest challenge as a teacher?

Please limit your response to 5 sentences or fewer.
